

LONDON NOTICE No. 2910

ISSUE DATE: 27 June 2007

EFFECTIVE DATE: 2 July 2007

FTSE 100 INDEX OPTION CONTRACT (ESX)

EXTENSION OF THE DESIGNATED MARKET MAKER SCHEME

Executive Summary

This Notice advises members of the extension of the Designated Market Maker Scheme in the FTSE 100 Index Option Contract (ESX) until 30 June 2008 and invites members to apply for participation in the renewed Scheme.

1. This Notice informs members of the extension of the Designated Market Maker Scheme in the FTSE 100 Index Option Contract (ESX) ("the DMM Scheme") until the close of business on 30 June 2008. Details of the DMM Scheme can be found in London Circular No. 05/13, issued on 23 June 2005.
2. Details of the DMMs participating in the extended DMM Scheme will be available on the Euronext website at www.euronext.com/indexderivatives/marketmakers.
3. Members may request to commence participation in the DMM Scheme at any time. Provided such requests are accepted, DMM status will commence from the first business day of the month following receipt by the Exchange of a completed Agreement between the DMM and the Exchange. A completed application does not constitute such an Agreement. Furthermore, a successful applicant's DMM status, and therefore the period for which he may receive financial benefits, will not be deemed to have commenced until the DMM Agreement is completed, signed and received by the Exchange.
4. Members who wish to apply to become a DMM, either in their own right or on behalf of clients, should contact their Account Manager at Liffe. The Exchange's decision as to whether an application should be approved shall be final. All DMM appointments are subject to standard contractual terms (e.g. in respect of early termination).
5. Members are advised that the DMM Scheme will operate alongside the new ELPS-based Primary Market Maker Scheme which was announced under cover of London Circular No. 07/16, issued on 12 June 2007. It should be noted that it will not be possible for a member to be both a PMM and a DMM in the FTSE 100 Index Option at the same time.
