

THINK BIG PICTURE

OIL TOUCHES YOUR DAILY LIFE

46% Of oil goes to making gasoline, but what makes up the other 54%?

CLOTHING

If your clothing isn't cotton, the materials within it came from the oil refining process.

MEDICINE

Most over the counter medications, homeopathic products and vitamins are derived from benzene, a product of petroleum.

PLASTICS

Almost all plastics are made from petrochemicals, from your iPhone to your bottle of water. It is 4-5% of the total petroleum consumption.

CLEANING PRODUCTS

The majority of the ingredients in your cleaning products came from the refining industry.

COSMETICS

Makeup and shampoo that have oils, perfumes, waxes and colors are all produced with the help of petrochemicals.

SYNTHETIC RUBBER

Thousands of products rely on synthetic rubber such as shoes, tires, wet suits, gloves.
